RISK MANAGEMENT ALERT

Free ADA Webinar on HIPAA Security Rule About Security Risk Analysis

The American Dental Association has announced a free webinar focusing on the HIPAA security rule regulation dealing with the requirement for all covered entities to perform a security risk analysis.

The webinar will discuss how to comply with the HIPAA Security Rule's Risk Analysis requirement using a qualitative risk analysis methodology. It will also cover some reasonable risk mitigation strategies and suggest resources for further study.

The webinar will take place on Monday, September 24 from 3:00pm to 4:00pm CDT. Click [here](#) for more information, and register online [here](#).

Please note that continuing education credit is not available; ADA staff will conduct the webinar. The webinar will also stream November 16 for audiences not available to view it Sept. 24.
